

ArrowXL Gender Pay Gap Report 2022

arrowxl
beyond delivery

At ArrowXL, our people are at the heart of everything we do and without them we couldn't deliver a fantastic service to our Clients and Customers.

We pride ourselves on being a business that sets out to support and develop women and men equally in the workplace, but at the same time, recognise that we work in an industry where historically careers have been more appealing to men than women.

The analysis of our gender pay gap tells us that, on average, women are paid a slightly less hourly rate than men although women make up a smaller proportion of our workforce.

Women do still typically undertake Head Office and clerical roles and we continue to develop our career pathways to promote logistics as a vocation for women. We want to do more to encourage women to work in every single

part of our business, whether that's in our warehouse operations, delivery teams or within our Head Office functions.

We are committed to being open and fair in how we pay our colleagues, this helps us to attract and retain talent and reward those doing a great job and ensures they feel part of the ArrowXL family.

Our challenge as we move forward is to work with the industry to attract more women in to the sector.

A handwritten signature in black ink, appearing to read 'Charlie Shiels'. The signature is fluid and cursive, written over a large, light purple 'XL' graphic that serves as a background for the signature area.

Charlie Shiels - Chief Executive Officer

What is gender pay gap reporting?

From April 2017, employers with 250 or more employees are required to publish information showing different calculations of any pay gap between their male and female employees.

Gender pay gap reporting shows the overall difference in the average pay for all men and women across ArrowXL. It doesn't compare what men and women are paid for doing the same job.

ArrowXL Gender Split

Proportion of Staff Receiving a Bonus

% of Male Employees Receiving a Bonus

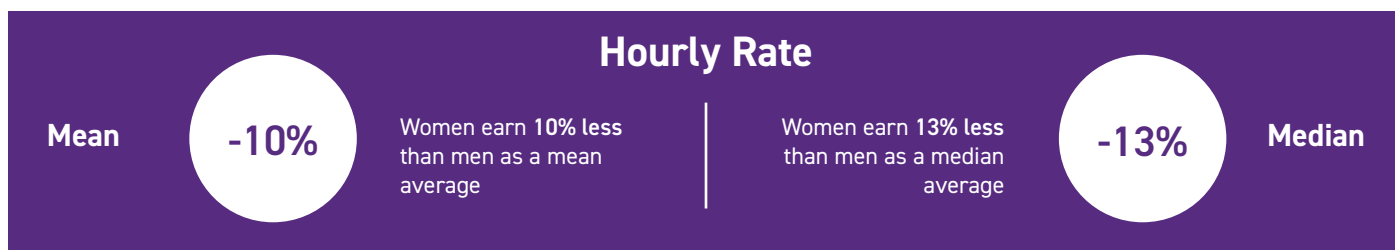

% of Female Employees Receiving a Bonus

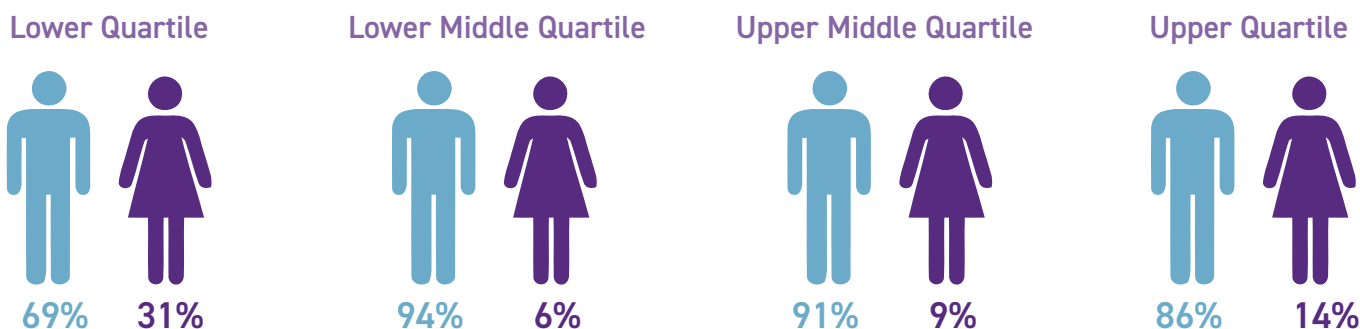

Hourly Rate and Bonus Pay

Below we show our overall median and mean gender pay gap based on hourly rates of pay and bonus.

How Pay Looks Across Our Organisation

The graphics below show how women and men are represented across our organisation in quartiles.

Charlie Shiels
 Chief Executive Officer

I can confirm that the ArrowXL pay gap data is accurate and has been collated in accordance with the Equality Act 2010 (Gender Pay Information) Regulations 2017.
