

Enhance your 2-person home delivery solution

Designed around your requirements, our extensive portfolio of 2-person home delivery solutions and value-added services will allow you to unlock your true potential when it comes to your customers' expectations.

From Next-Day delivery for those 'must have' and 'high ticket' products, to Diary Booking that allows your customers to arrange a delivery at their own convenience, we are certain that we have a delivery solution that is right for you - and your business.

Value-added services, such as unpack and removal of packaging, appliance wet connect and disconnect, and WEEE recycling can provide your customers with a best-in-class delivery experience that will set you apart from your competitors.

ArrowXL can also provide:

- Next Day (24 hour), Nominated Day (48 hour) or Diary Booking
- Delivery to **Room of Choice** as standard - with additional options available from light assembly and packaging recycling
- 2-hour timeslots that change dynamically to 30-minutes
- SMS and email confirmations throughout the customer journey
- Full tracking availability for you and your customers as standard
- Electronic signature capture at point of collection or delivery with digital image of product in situ and delivery exceptions
